

YOUR BEAUTIFUL PATH AWAITS!

The intention here is progress; to step gracefully onto your true path and move forward and toward the deepest desires of your soul. This is about transformation. This is not therapy. Please understand in coaching we may touch on things from your past, but we will not stay there. A coach is someone who does whatever it takes to bring the best 'you' forward.

I want to know you. The real you. The more honest you can be, the sooner we can get you to your desired outcome. I will work with you if I believe I can help you. You should choose to work with me if it feels right for you. Please complete this as if you were not going to send it. Then please choose to send it :) Of course your answers are completely confidential. Please fill out and email to **connect@miraclesouls.com**. If writing your answers on this page doesn't work properly, please copy and paste into an email and fill it out that way :)

(elevators don't have 13th floors, my questionnaire doesn't have a 13th question. It's for good luck :))
